

VOLUNTEER FORM

One Trail...Actively Connecting Our Communities

My Interests Include:

- Ranger Program (long term) The Ranger Program allows volunteers to patrol the trails at a pace suitable to their own schedules. Rangers are also encouraged to provide simple routine maintenance. Orientation is required and provided.
- Maintenance Team (long term) Maintenance Team members perform regular maintenance on the trails. This opportunity requires a strong commitment. Members must be able to drive, to run power equipment and to perform light lifting. Training is required and provided.
- Adopt-a-Segment (long term) Adopt-a-Segment members perform regular maintenance on a segment of adopted trail year round. Segment adopters require a commitment to on-going and regular maintenance. Members must be able to drive, to run power equipment and to perform light lifting. Training is required and provided.
- Maintenance and/or Clean-up Days (one day to short term) This is a popular option for those who like short term obligation. This is a great opportunity for group or club involvement. Those choosing this option will be contacted as opportunities become available.
- Events/Programs (one day to short term) Events and/or Programs are typically one or two days in length. Pre-Event preparation work may range from several hours to several days. Events/Programs provide volunteer opportunities that range from traffic control, registration, marketing and logistical assistance, Learning On The Trail assistance and more. Event/Program volunteers may choose their own levels of involvement and commitment. Training is required and provided.
- Office or clerical (one day to long term) Clerical or office needs include filing, data entry (Microsoft Excel) and more. This is usually a very flexible volunteer option.
